4th Gold Coast Open
11th & 12th May 2013
Carrara Indoor Stadium

Message from the Organiser

Master Michael Tan

We are proud to produce our 2nd edition to celebrate another successful Gold Coast Open. A total of 360 competitors from all States of Australia participated at the 4th Gold Coast Open. Two overseas countries; NZ (2 teams) and Tonga (1 Team) also participated.

International, national and state champions from all over the country were there. There are not too many times where the best of STA and TA are at the one competition. Michael Magee and Aaron Wain picked up the memorial awards for best sparring competitors while Maddy Houston won the memorial trophy for the most outstanding Poomse competitor.

I hope you enjoy this publication and I look forward to seeing you again next May for the 5th Gold Coast Open.

Yours in Taekwondo

Michael Tan

Event History

Tan's Open 1 - 17

The Gold Coast Open has grown to be the largest privately run Taekwondo competition in Australia. Organised by Tan's Taekwondo the event has grown from a club championship to what it is today.

The 1st Tans invitational championship was held in 1992 at the Southport High School. Sparring, Poomse and a Jump kick competition were held similar to the format we have today. Participating Clubs from the QTA were, Muirs, Dynamic, Parmley's, and Beenleigh. Events also included a demonstration competition which was won by Muirs Taekwondo.

At the 7th Tans Open, New Zealand under the organization - TUNZ entered for the first time. Various clubs and associations from NZ have returned every year ever since. Olympians such as Logan Campbell got their international start at the Tans Open.

In 2008, the event was expanded to 2 days as we could no longer fit the program into one. Over the years, there have been many interstate teams that have travelled back to enjoy the friendship of this competition.

The Gold Coast Open

In 2010, we announced a name change to represent the expansion of the competition. The Gold Coast Open, also promoted the region where it has made its home and reputation. The first Gold Coast Open saw substantial increase in interstate clubs. Significantly, the black belt divisions were heavily contested. Divisions of 8 – 12 black belts from all states are comparable to national selection competitions.

2013 Wrap Up

Sparring

Some 330 players in 127 divisions participated in sparring over the 2 days. The Black belt divisions were full of champions. We extended the daedo electronic PSS (Protector Scoring System) to include all blue belt and above from Cadet (12-14) and over. Next year we will expand the range to include all divisions 10 years and above including Yellow belts.

Head Kicks were also extended to the new Cadet division. Next year we are looking at including red belts for head kicks.

Poomse

Another high standard competition with some 70 competitors over the 2 days. To win, players must prepare and refine their techniques according to current WTF regulations. Next year we are looking at ways to enhance the Poomse divisions.

Jump kick

51 Players over the 2 days provided some great entertainment during the lunch period in the Jump kick competition. On Saturday we saw some great jumps of over 2 ½ meters in the Open division. Most of the competitors were on Sunday in the junior divisions.

Memorial Awards

The Ken Mayfield Memorial Award

This award was generously sponsored by Alan Powrie of Powrie & Co, Barristers and Solicitors. The award went to the best sparring (Kyorugi) spirit on the day.

Alan the nephew of Ken Mayfield donated this award in memory of one of the pioneers of WTF Taekwondo in Queensland. Alan is also the father of Orlando who represented Australia at the last Oceania Championships on the Gold Coast.

The winner of this year's Ken Mayfield Memorial Award was Michael Magee from NSW. Michael fought an excellent semi final against

current Australia Team member Tom Auger from RT Rutten Extreme. Unfortunately Michael had to withdraw before the final with a hand injury.

The Mario Rejtano Memorial Award

This years award went to Aaron Wain from Fighting Lyons - Victoria. Aaron Wain won a total of 6 matches and took out both the Junior and Senior Black belt -68kg divisions. He also won the speed kick competition.

Pictured below is the collection that Aaron won at the GC Open.

The Wayne Brown Memorial Award

Given for the best Poomse Spirit. This year's winner was Madison (Maddy) Houston from Factor10. Maddy's score of 40.9 (13.6 avg) was the highest of the weekend.

Volunteers

Marshalling would not run smoothly without Jo & Steve Newmann. Ever since we have run competitions at Carrara, Jo and Steve have been the driving force behind the marshalling. Their ability to keep the courts flowing and handle the pressure of players and coaches attributes to the success of the competition. We had 39 hours of fighting over the 2 days. There was very few times where the courts remained unoccupied.

Paul “the MC”

Once again Paul Pomerrenke provided valuable commentary and atmosphere to the competition. His pronunciations and knowledge of players was both impressive and appreciated by all. Paul was able to keep proceedings flowing and inform the audience where we were up to.

Supporting our future champions

Stars United

The Gold Coast Open was proud to support Stars United. Stars United is a non for profit fundraising organisation setup to assist chosen athletes with travel expenses and competition requirements.

On display at the competition was a stand of merchandise where proceeds from the event went to athletes.

KICK SPEED

KickSpeed is a new electronic training aid, designed to measure & improve competition sparring abilities in a fun and easy way. The innovative device measures the speed of kicks and punches in either a reactive or offensive movement. Once a student understands the speed of their movement, KickSpeed can measure gains from technique and body conditioning - resulting in faster combat speed.

For a limited time, you can buy a KickSpeed device for your home or club, for only \$157 with a FREE 'extra options' package.

This free extras offer is only available to readers of this Gold Coast Open newsletter & is valued at \$50!

Use this web address to check out the Gold Coast Open FREE EXTRAS deal:

Daedo

TK-STRIKE

ELECTRONIC PROTECTOR SYSTEM

Daedo TK-STRIKE is a Protector & Scoring System designed to adapt to the current WTF competition rules and Taekwondo techniques, allowing the best performance in Taekwondo training and competition. It evaluates technique, speed and power, and delivers a clear and precise scoring, altogether encouraging a more dynamic and real Taekwondo.

How Does the PSS Work?

Sensors are used for proximity switching, positioning, speed detection, and current sensing applications. In its simplest form, the sensor operates as an analogue transducer, directly returning a voltage. With a known magnetic field, its distance from the Hall plate can be determined. Using groups of sensors, the relative position of the magnet can be deduced.

The athlete wears a sock containing magnetic material. The radiation interacts with the sensing cable in the trunk protector. The distance for interaction is 0.5 cm, meaning that a valid identification can be registered without direct physical contact. However, there is a score only if the right impact value is registered by the Force/Impact sensor.

Jing Song, the inventor of the most famous electronic Protector and Scoring System, the Daedo Truescore, tells his story and the origin of the product that revolutionized the sport, marking the start of the modern era of Taekwondo.

It is a pleasure to greet you Mr. Song, we would like to know, how and when did the idea of creating this revolutionary product emerged?

The idea emerged in 1999. I am an engineer and my specialty is working with sensors, plus I have my son that practices Taekwondo. During that time he was very active in Taekwondo competitions and there we noticed that the actions of the competitors of Taekwondo were faster than the reactions of the coaches. Therefore, we took advantage of my experience in the sensors technology, and I thought that I should create something to make Taekwondo more fair and transparent.

How do you differentiate your product: Daedo Truescore, from the main competing brand?

Our philosophy was to create something that was transparent, that didn't change the game and especially that was low cost. Daedo Truescore uses the approach magnetic system that cannot be interfered by external elements such as water, dust and oil. We spent a lot of time working in the

development of a communication device that was reliable and simple at the same time, and in the protection of the system against interference that may appear from external communication devices such as cell phones, F.I., internet, etc.

Do you believe that the system needs some improvement or is it completely finished in its exact point?

The engineers always want to improve everything. In fact, we have already made an improvement in the way of the communication device, to prepare the product for its implementation in the Olympic Games. Today is it practically impossible to make any interference that could affect the outside of the system. Regarding the approaching sensors on the protector and scoring system, we think we have an excellent product that is inexpensive, durable and reliable. We are still trying to improve on the impact sensors.

Your product will be used in the most watched sports event in the world, which are the Olympic Games. What sensation do you get from this?

I have two feelings about it; first, I am very grateful that our product has had the acknowledgment and the trust of the WTF and the International Olympic Committee. On the other hand, the responsibility is huge, because we want to demonstrate to the world that our product is the best, and it is worth using it in the most important sports event in the world, the Olympic Games.

Do you believe that in the 2016 Olympic Games we would have the complete electronic protector and scoring system including the electronic helmet?

I firmly believe that for the next Olympic Games we should have the electronic helmet. The scores of the kicks to the head are a highly significant element of change. We are talking about a maximum of 4 points for each kick to the head and this has a great impact on the final score of the competition. It is becoming harder and harder to adjudicate the kicks to the head, in relation to the athletes that are more prepared and they are becoming faster. Also many athletes use more “questionable” techniques to catch the score, including the replay video fails to show the exact impact of the kicks.

Our electronic protectors of the head can recognize the correct impact of the kicks, they eliminate the “questionable” techniques and they only give the correct scores as in the old times. The technology is prepared for it; we just need to use it!

Who was your inspiration to create this product?

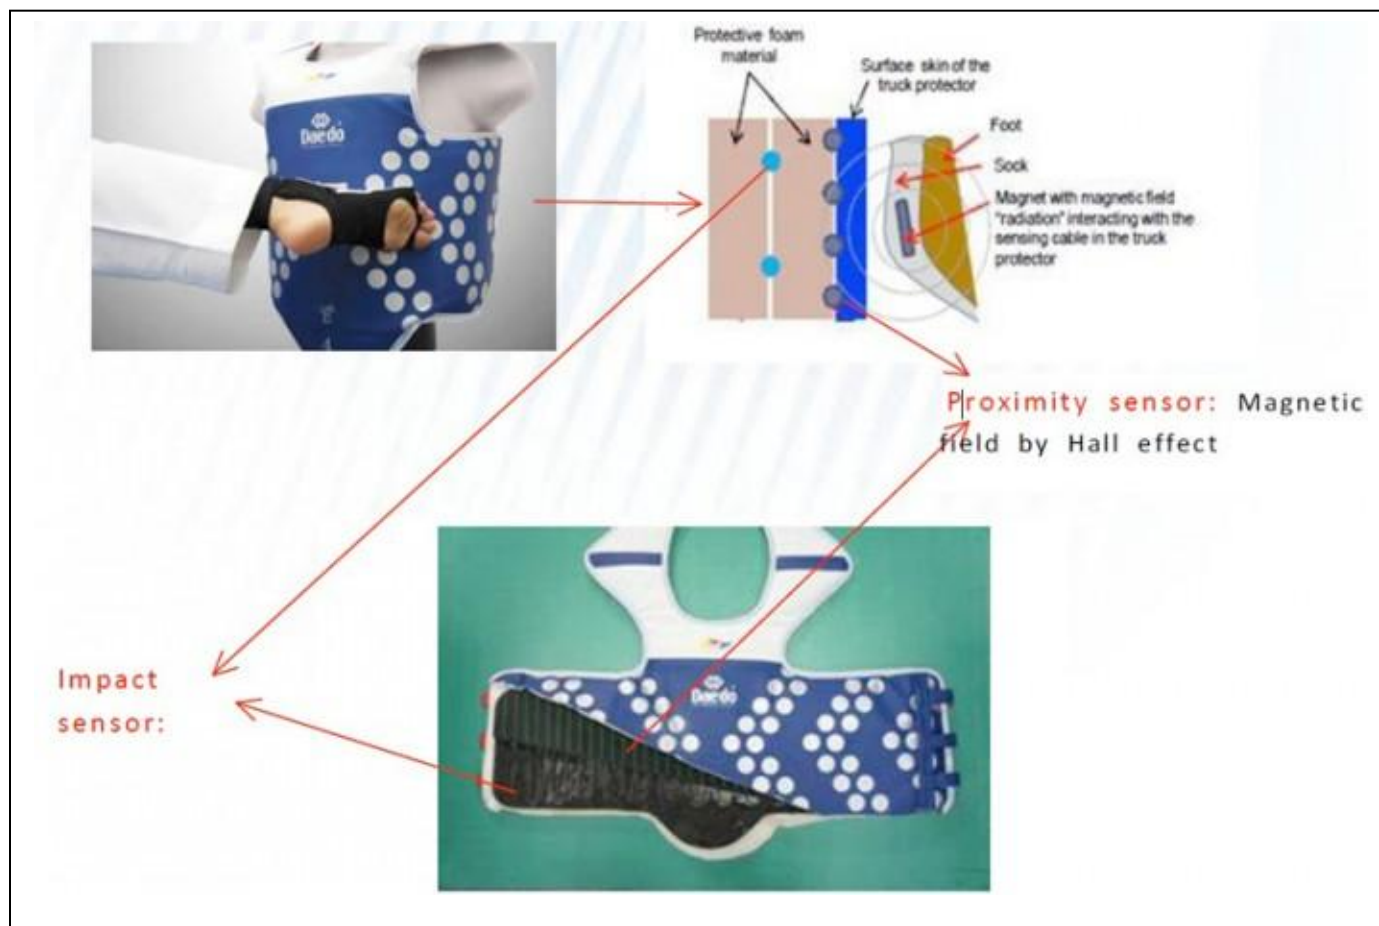

First, my son, and second, the Taekwondo competitor Kevin McCulloch, who is an ex member of the national USA team, he gave me a great deal of information regarding the sport in general. The real beneficiaries of this product are the competitors and the trainers of Taekwondo, without them the sport wouldn't exist.

After all the research and the development are you afraid of plagiarism or that another company copies your system?

Sincerely I wouldn't like that any brand copies my system, I don't support plagiarism but instead I believe in creativity. I defend innovation and even if it has a better system than mine, I think this would directly benefit Taekwondo.

I love that there is debate about my job and the emerge of new proposals, if so we will do our best to beat them by creating a better product than theirs. The existence of more competition on the market is good for the sport.

Thank you very much for your time Mr. Song

4th Dan kukkiwon

Club : Tans Taekwondo

Peter Bunyan developed the online system. I am sure you will agree it's much easier than the manual paper entry system. Hundreds of hours have been saved with the online system. Apart from being a programmer, Peter is a 4th Dan black belt in his own right. Peter started Taekwondo in Canberra with Mr JN Kim before joining Tans in 1997. The number of competitions using the system is growing. What's more it can be customised to suit your needs. Please contact Peter for all your online database needs.

All students received a Certificate of Participation.

Please see your club manager / instructor if you did not received one.

A new design will be used in 2014

TAEKWONDO CENTRE PRODUCES CONVEYOR BELT OF TALENT

A HAUL of 11 medals from 10 competitors at the biggest club competition in the country is the latest in a string of successes for Musa Taekwondo in Five Dock.

The club claimed six golds, one silver and four bronze medals at the prestigious Gold Coast Open earlier this month.

Head coach Alex Sootho was delighted with his team, several of whom com-

peted in both the junior and senior events.

"I'm really proud as the coach - we put in a lot of hard work and that shows," he said. "Some of these kids have been training since they were really young and now they are showing a lot of potential and talent."

Sootho said the club coaches people of all abilities and boast members from

the ages of four to 60. Already he sees a host of future stars among the club's juniors.

"This is just the start," he said. "I'm actually training all the cadets to take over from these teenagers."

"It's just a production house of champions. The younger kids learn values from the older teenagers."

Declan McDermott (17)

and Michael Podbury (18) have been selected for both the national team and the Olympic Athlete Program and Sootho thinks the pair are in contention for selection to the Australian Olympic team for Rio in 2016.

"These guys have got a lot of talent and good potential. Hopefully you may see them in the Olympics - I think there's a good chance."

MUSA

■ May 2013: 6 gold, 1 silver, 4 bronze at Gold Coast Open club championships

■ March 2013: 14 gold, 17 silver, 11 bronze at NSW Championships

■ The club is open to all ages and abilities

Celebrations

Sebastian won GOLD at his first poomse (patterns) competition today!!! What a fantastic Mothers Day gift. 7-9 years individual male. Yellow belt III. What a fantastic effort from my little boy. I'm so proud

Toni Sier
Great day today Evo boys did a great job! All their hard work and their awesome coach's hard work paid off!

Zach is coming home with a silver medal :)

Another successful Tournament ;-)
Had fun learnt a lot.
can't wait for the next one. !!!!!

"**Mitch Ellis** Very Nice ! Master Tan knows how it's done ! - Great job guys/gals !

Jeff Lang Thanks Michael, great comp, well done...

Strike Martial Arts

Another great weekend for team Strike Coming home from the Gold Coast Open with Two Gold, Two Silver and a bronze. well done to Bec Washington Jai Barnes Alanna Nesbitt, Miller and Zac for a great effort. Thanks to Michael Tan for putting on the event.

Musa Tkd Australia

Team MUSA had a great weekend at the Gold Coast. This was the first time Team Musa participated in the Tan's Gold Coast Open and I must say we will be back again next year. It was well organised from the start, punctual, friendly and of a very high standard. Athletes & Coaches from the best clubs in Australia are there to give their best. I strongly recommend this to all other clubs out there looking for a good standard National inter-club comp.

HEAD COACH

Alex Sootho

Hi Michael,

My team and I thoroughly enjoyed the comp. I am definitely planning on taking another team next year and will bring juniors next time as well hopefully. We had a blast. Thanks for organizing and see you next year if not sooner!

Archie Lucinda Nikolovski

Had an absolutely fantastic time Michael, best tournament ever, Xavier was over the moon with his results and had such a great time over the weekend, although his neck is a little sore from all the medals, ha ha!

Evolution TKD

Thanks to Michael Tan and his team for another very well run event. We look forward to next years! Much appreciation from Evolution

Jodi Brown

Head Instructor

Compliments

4th Gold Coast Open
